

Provisional specification sheet

PROTILIGHT IP4

Description

Spray dried fresh curd, Instant Calcium Caséinate, with lecithin and improved wettability. Protilight IP4 has the advantages of the excellent nutritional value of milk and a very good dispersibility in aqueous media.

Suggested applications

Protilight IP4 has been specially designed for nutritional formula: for example sport and slimming formula.

Because Protilight IP4 is easy to dissolve, it is an ideal ingredient for powder mixes: drinks, meals and dietary supplements. Its mouthfeel is pleasant and its neutral taste enables you to formulate a wide range of products.
